

Unica Collection
A Unique Fusion of Nature and Architecture

At PPG, we work every day to develop and deliver the paints, coatings and specialty materials that our customers have trusted for more than 140 years. Driven by a commitment to innovation, collaboration and service, PPG is a global-leading supplier of high-performance powder coatings. We partner with our customers to find solutions that solve their toughest challenges and take their products to the next level.

With headquarters in Pittsburgh, PPG operates and innovates in more than 70 countries and reported net sales of \$15.8 billion in 2024. We serve customers in construction, consumer products, industrial and transportation markets and aftermarkets.

Inspirational Colors

Color has the power to transform the mundane to the magnificent, infusing projects with unparalleled beauty, depth and brilliance.

PPG is proud to unveil our newest architectural powder color collection that showcases eight complementary palettes, inspired by the splendor of the natural world.

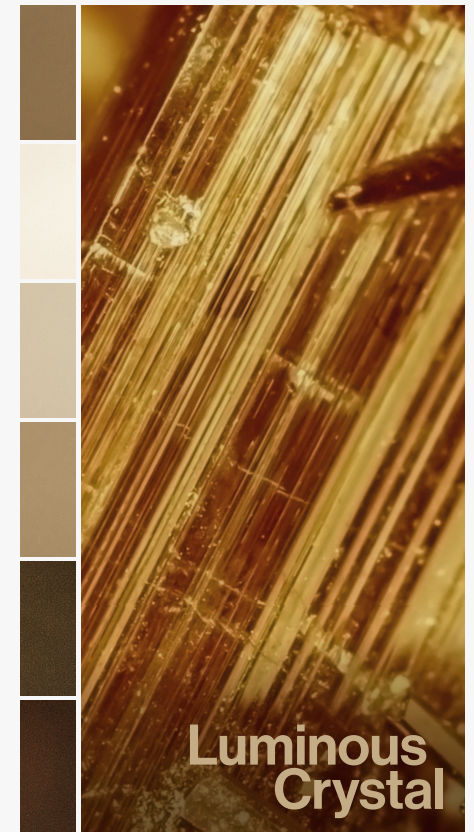

page 6

page 8

page 10

page 12

These expertly curated palettes enhance both classic and contemporary designs, offering a spectrum of hues—from warm neutrals to icy grays, coastal blues to earthy greens—in luxurious matte, pearlescent metallic and shimmering mica finishes.

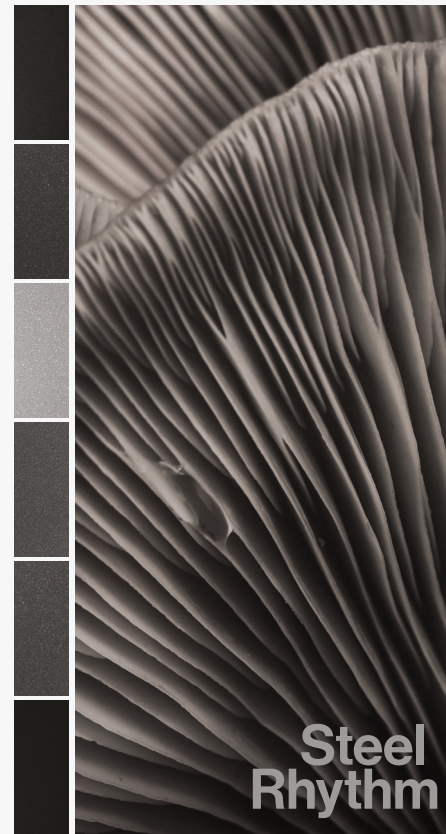

With enduring color, captivating effects and sustainably advantaged formulations that require less energy to cure, produce less waste and use fewer chemicals of concern, PPG is making the world a better, more beautiful place.

page 20

Verdant Sanctuary

A serene escape into nature's embrace. Rich, lush greens inspired by the tranquility of an unspoiled landscape. Curated for spaces that inspire calmness and harmony with the natural world.

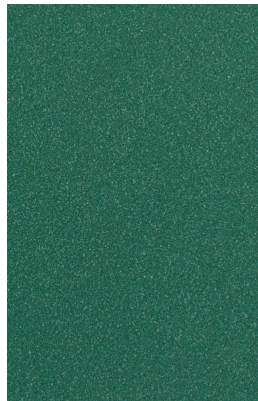

Bright Moss Green

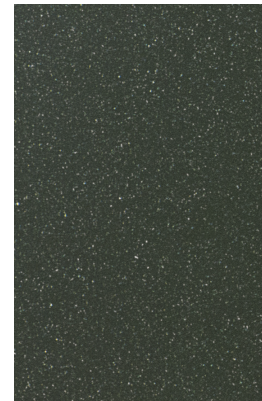

Arctic Lichen

Saguaro

Sequoia

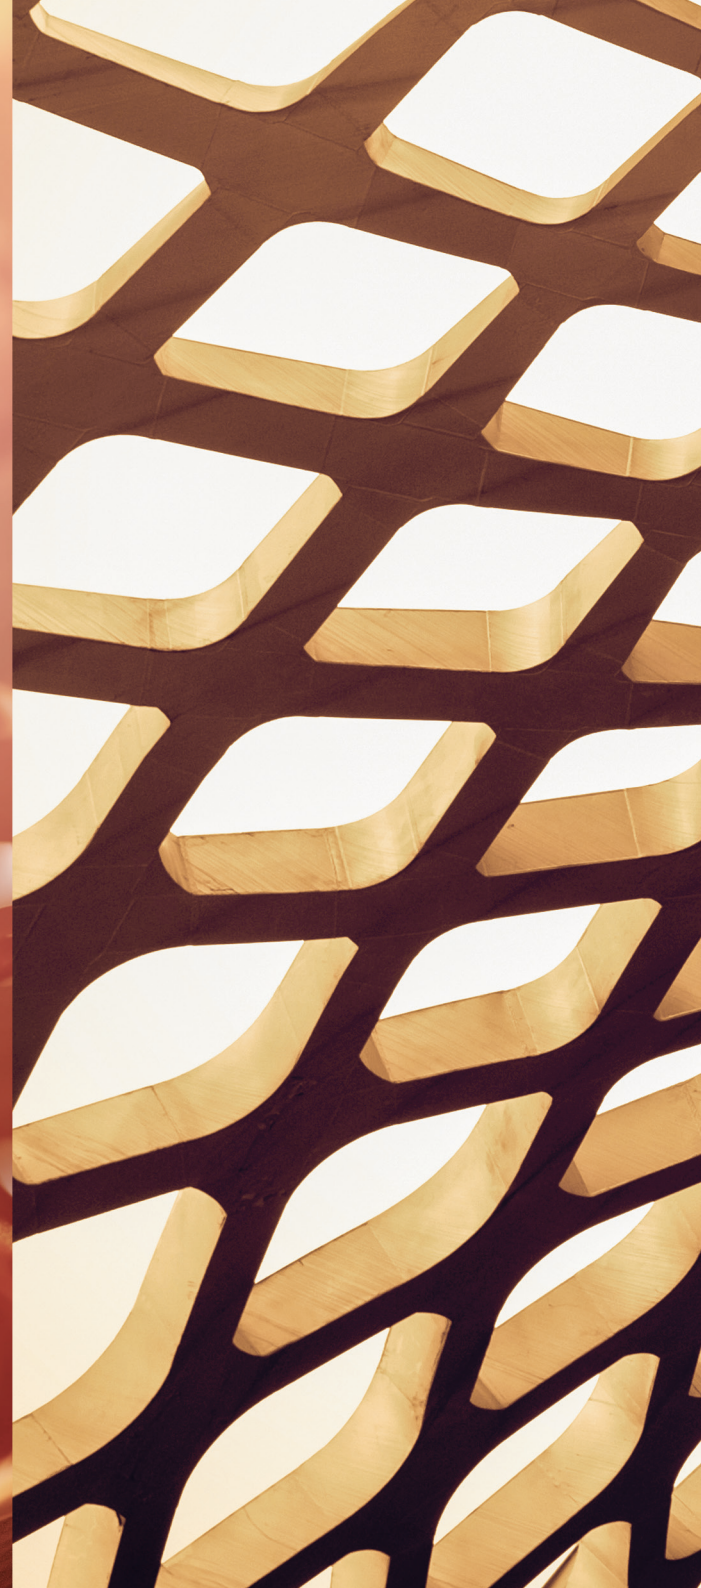

Virgin Forest

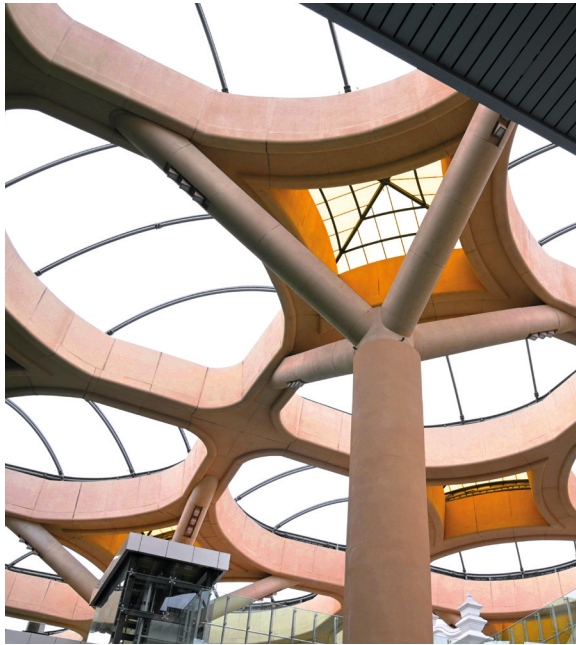

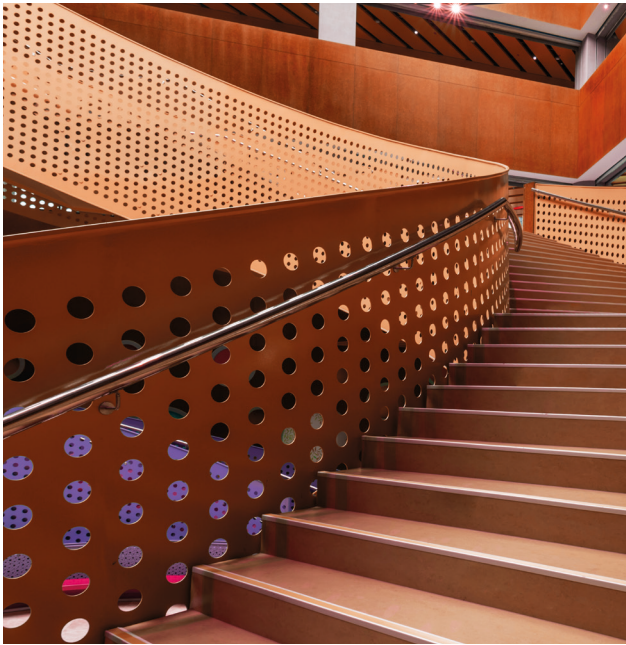

Sagewood

Infused Nectar

Energy refined by warmth.
Rich hues that balance industrial
modernity with the warmth of amber
and honey. Inspired by the interplay
of metallic surfaces, sunlit facades
and the inviting glow of cityscapes,
it lends a sophisticated vibrancy to
contemporary designs.

Natural Rust

Antique Rust

Fine Copper

Blasted Copper

Regal Ember

Desert Dusk

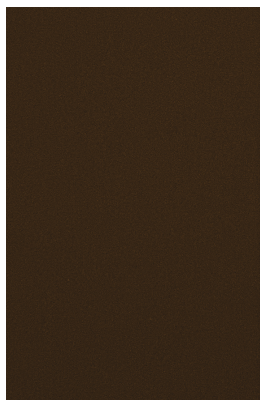

Fossil Echoes

Resilient, timeless, grounded.
A warm, mineral-inspired palette
that reflects the raw beauty of stone,
clay and aged surfaces. Its versatility
makes it an ideal foundation for
projects seeking a balance of timeless
tradition and a touch of modern.

Gilded Bronze

Obsidian Haze

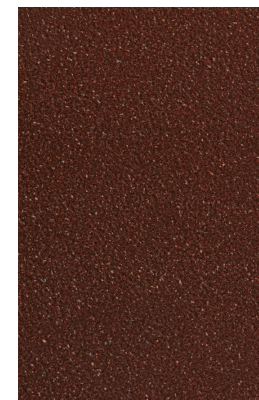

Golden Glimmer

Copper Birch

Crimson Dust

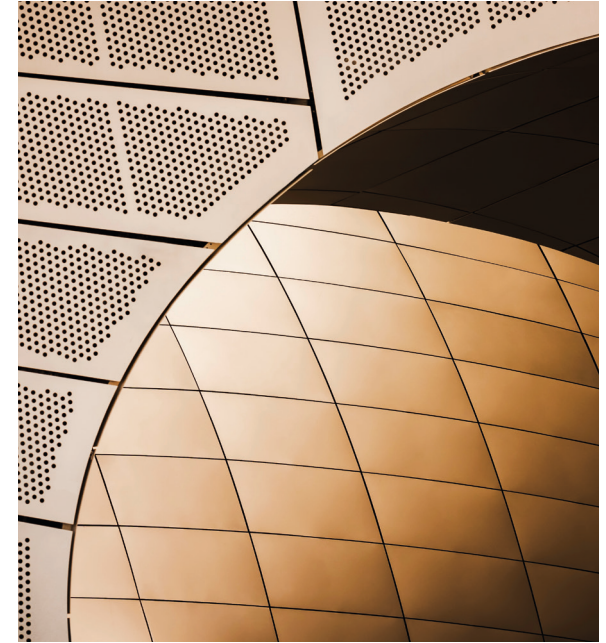

Magnetic Mineral

Luminous Crystal

Refined brilliance, understated luxury. Luminous, sophisticated tones reminiscent of polished surfaces, glass façades and the play of light on mineral structures. Subtle yet striking, it enhances both contemporary and classic design.

Sandstone Glow

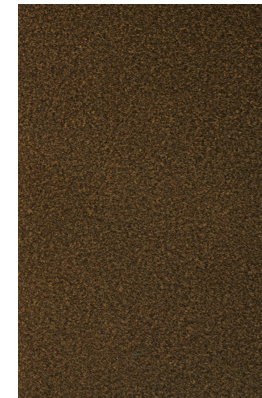

Hearthstone

Myrrh Resin

Gold Rush

Bronze Age

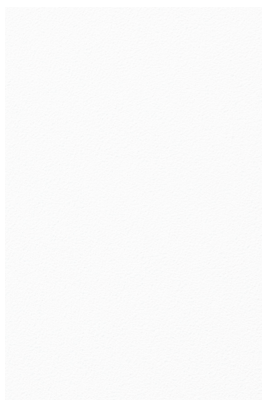

Indian Incense

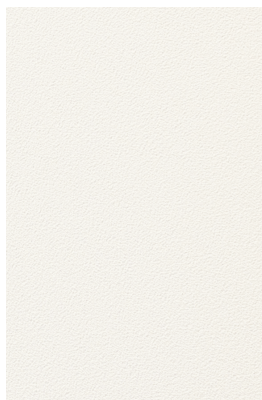

Cool Glacier

Crisp and sophisticated icy greys. Inspired by the raw beauty of glacial landscapes, this palette balances softness and strength by infusing coolness and clarity into contemporary spaces.

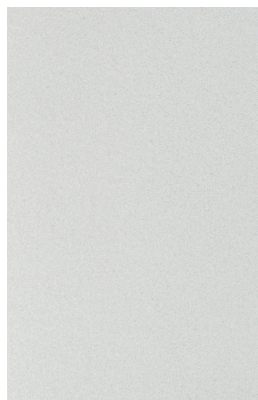

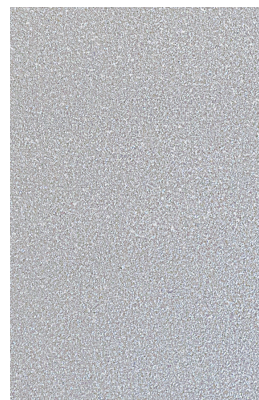

Crystal Snow

Snowfield

Siberian Grey

Ice Crystals

Dolomites Peaks

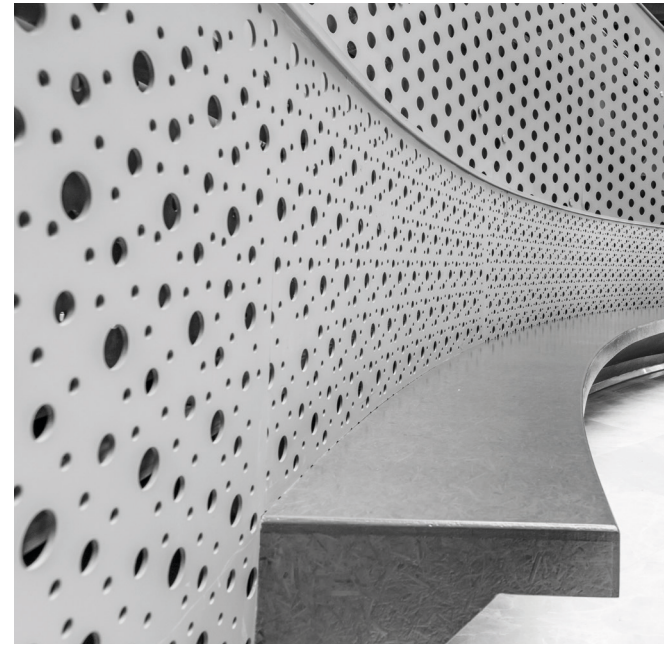

Antarctic Summer

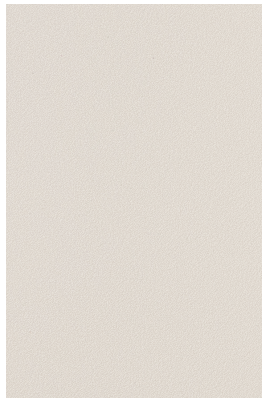

Touching the Clouds

A vision beyond the skyline.
Sleek architectural neutrals that embody
cutting-edge design where high-rise silhouettes
merge with the horizon and urban environments
are infused with creativity and lightness.

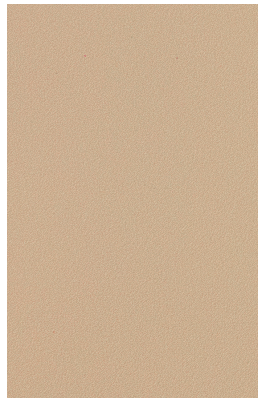

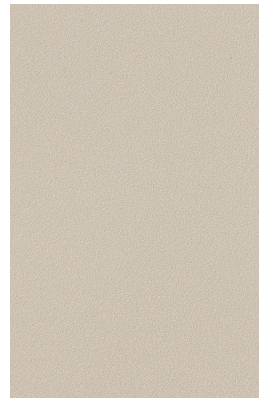

Ashen Earth

Sand Dunes

Golden Dune

Ashen Gold

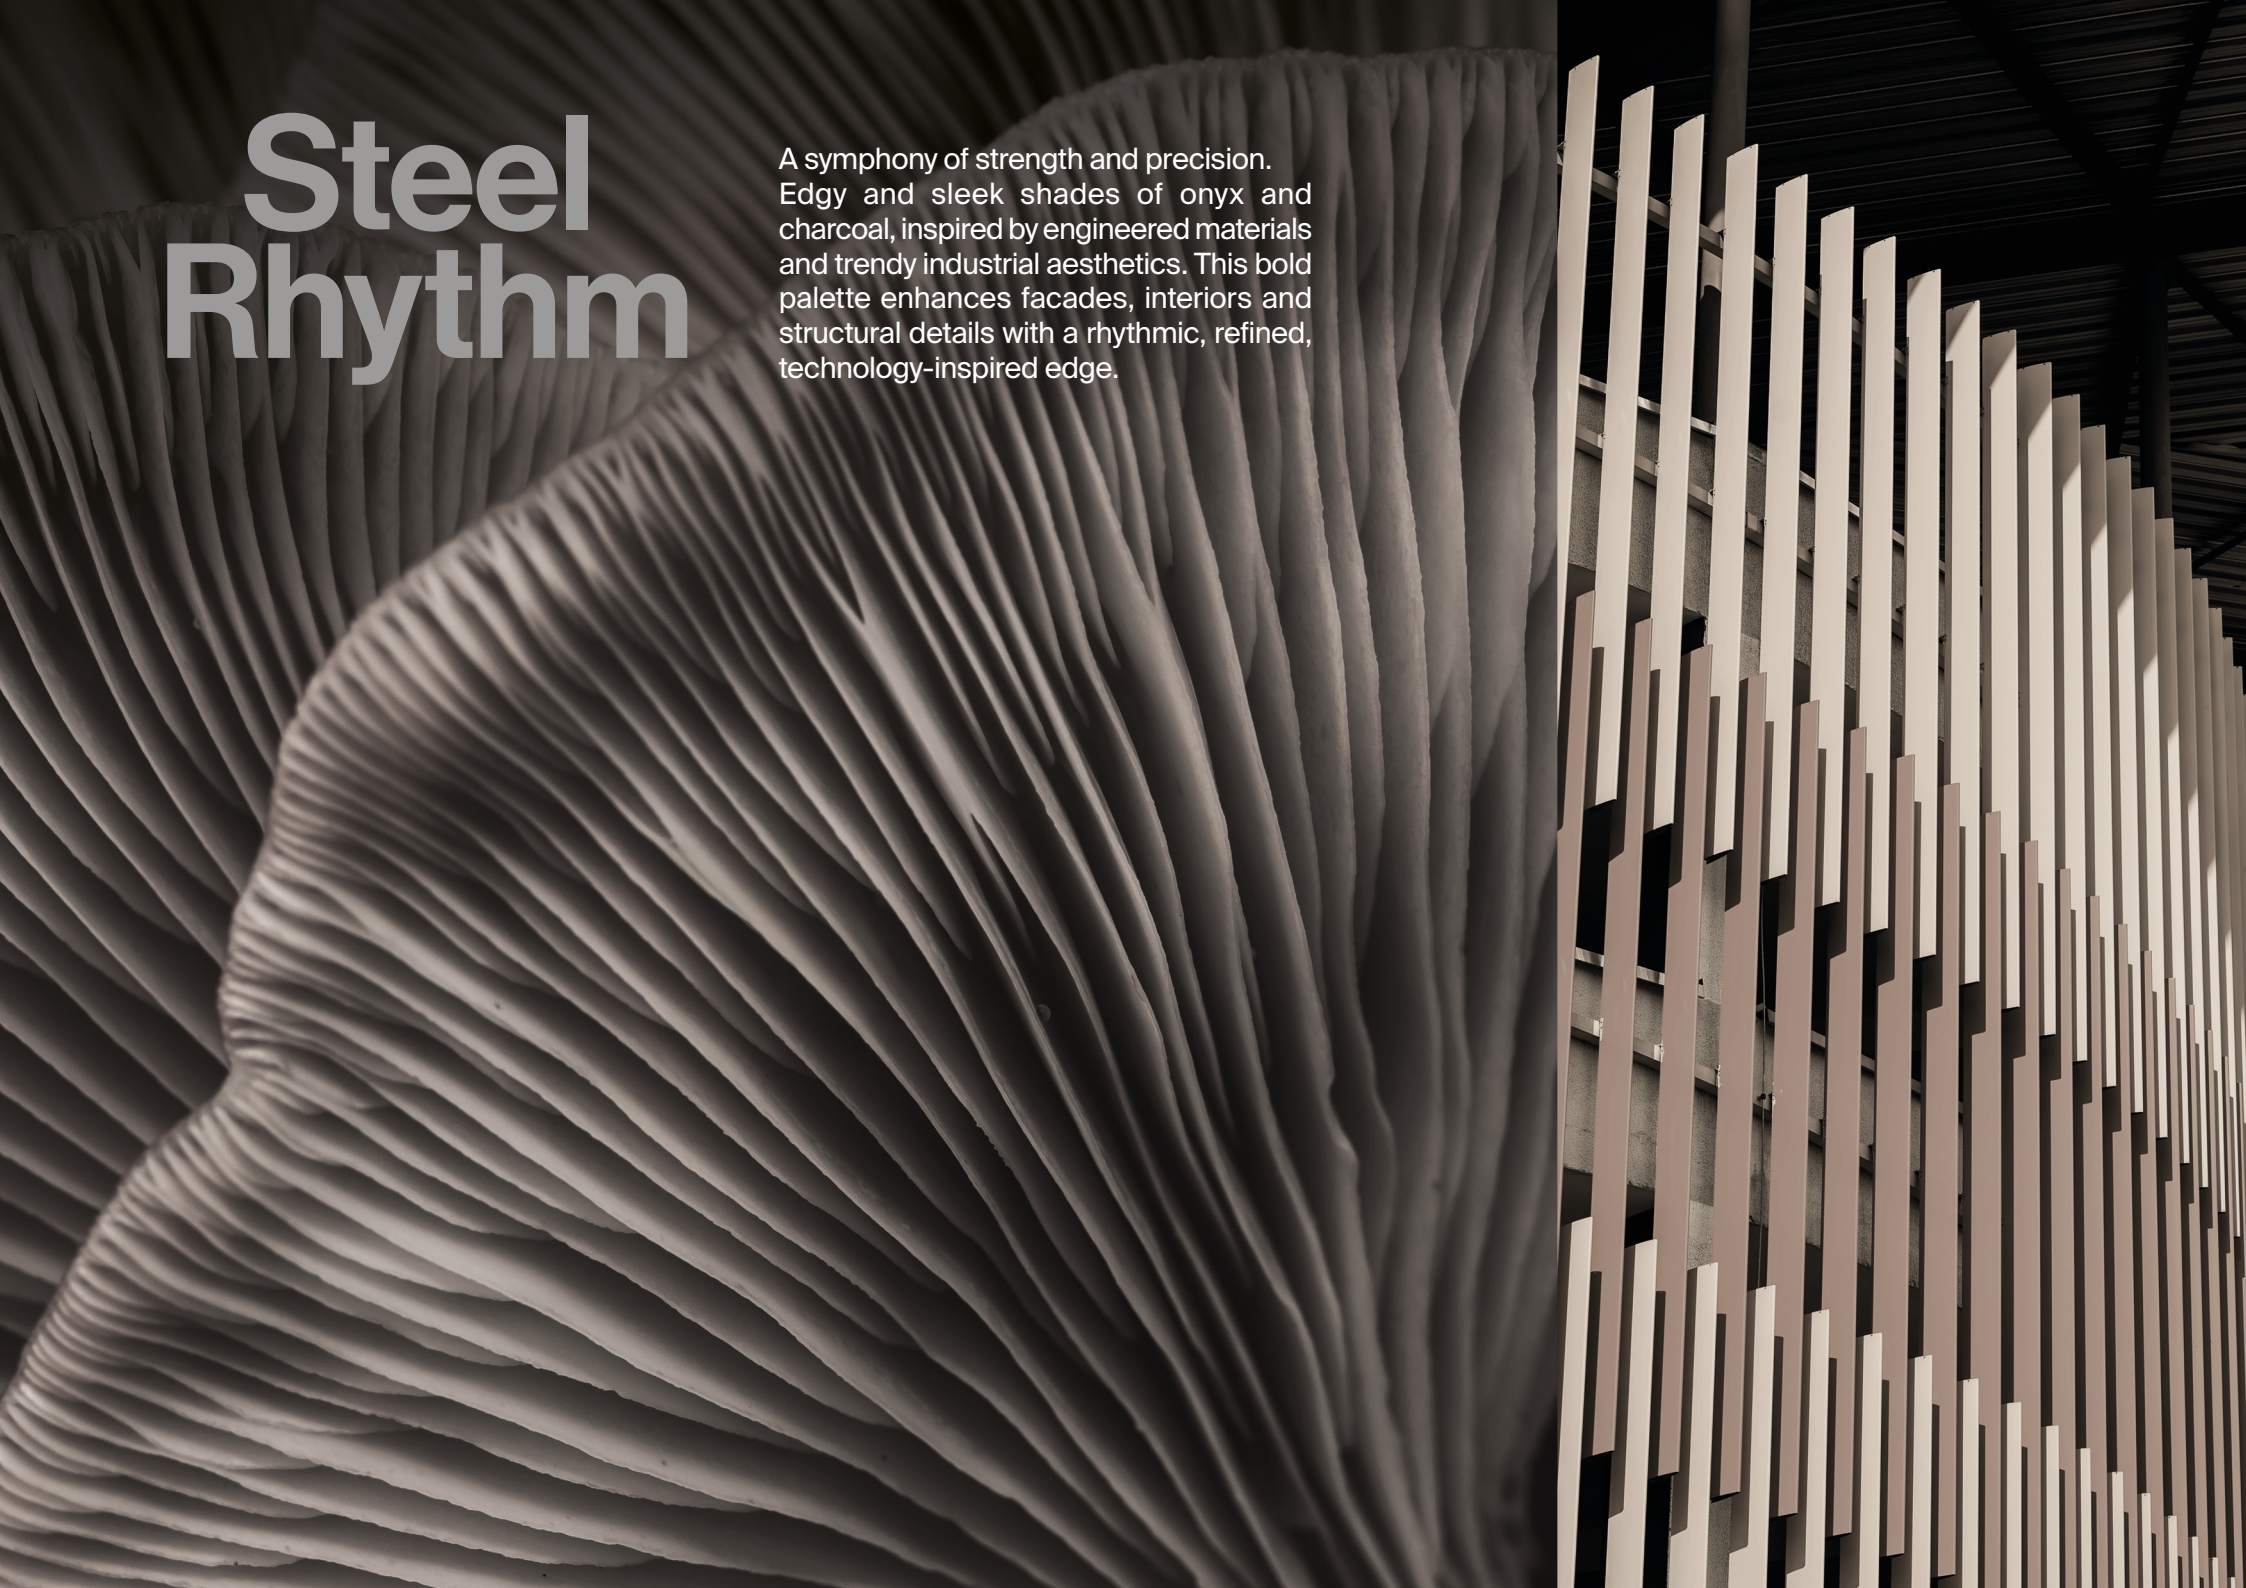

Silver Dawn

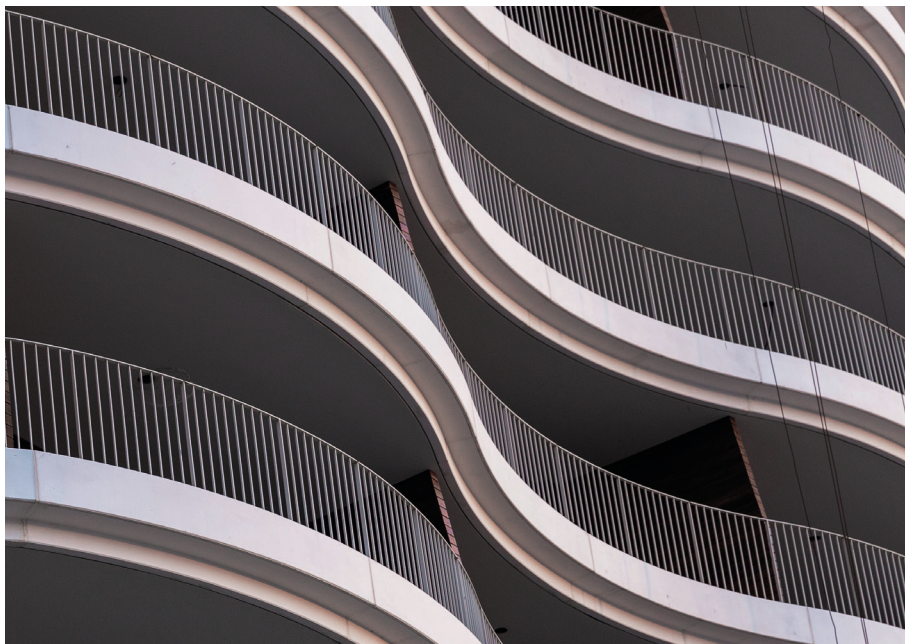

Lava Rock

Steel Rhythm

A symphony of strength and precision. Edgy and sleek shades of onyx and charcoal, inspired by engineered materials and trendy industrial aesthetics. This bold palette enhances facades, interiors and structural details with a rhythmic, refined, technology-inspired edge.

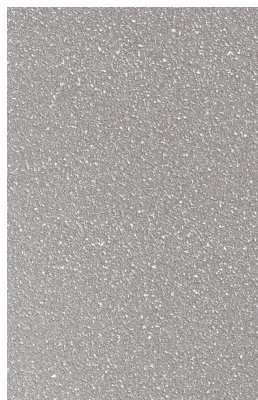

Intergalactic Space

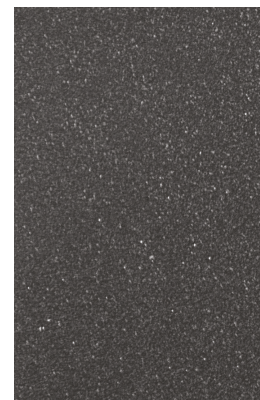

Stellar Abyss

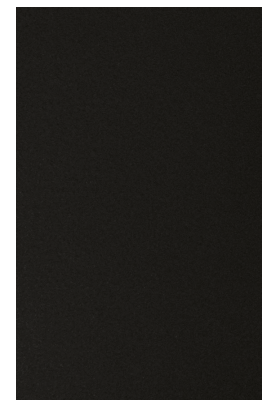

Moonlight

Lunar Dust

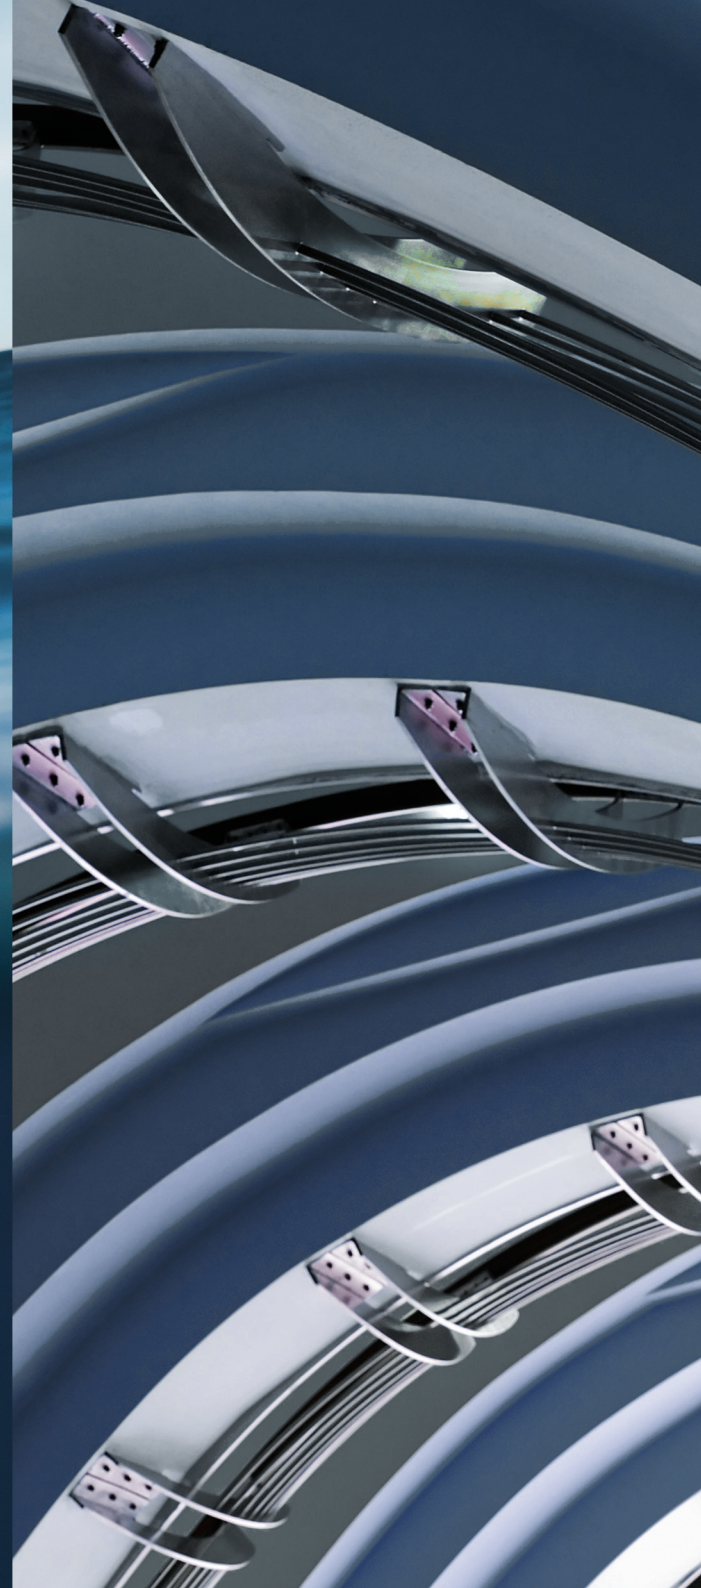

Lunar Dazzling

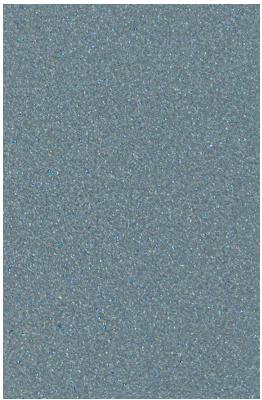

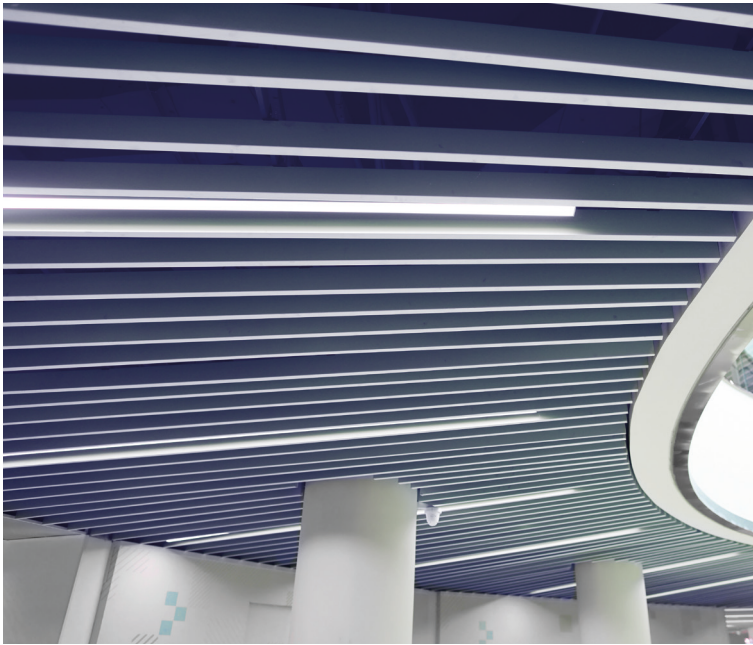

Midnight Shadow

Ocean Current

The deep and calming flow of water. Dark and soothing blues inspired by the movement and wonder of seas and streams. Perfect for creating contrast, anchoring a space, or adding an element of quiet serenity.

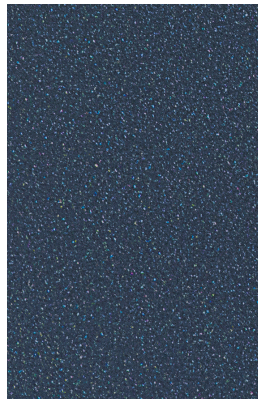

Mountain Stream

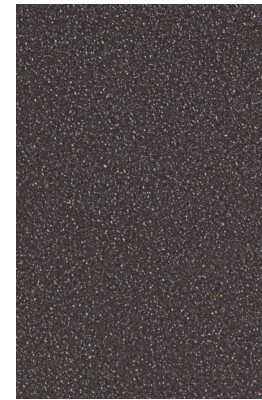

Bering Sea

Atlantic Routes

Black Sea

Ocean Depths

Midnight Current

Unica Collection is a family of polyester resin-based thermo-setting powder coatings.

Meeting QUALICOAT® Class 1 and Class 2 specifications, this collection offers excellent mechanical characteristics, resistance to corrosion and exterior exposure, as well as outstanding aesthetic appeal, making it ideal for a broad range of architectural metal applications.
