

PPG Filtration Technologies

Product Data Sheet: PPG ULC8638-DA1P-KK

Description

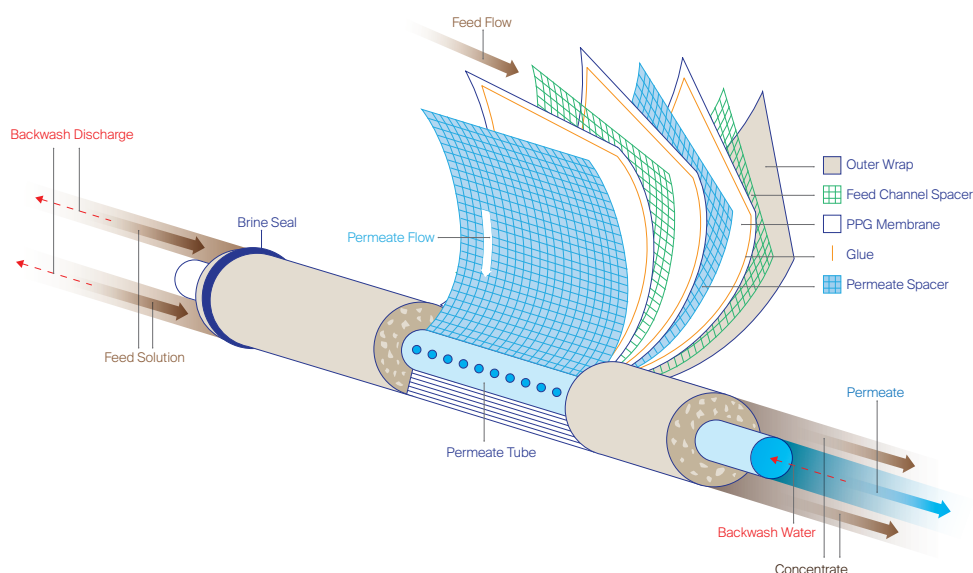

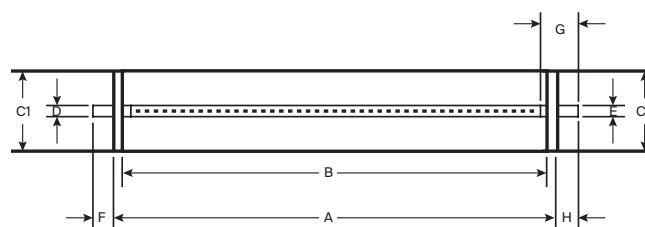

Membrane: Proprietary composite ultra filtration membrane

Configuration: Spiral wound element with integrated PVC housing

Feed spacer: 31 mil

Dimensions

External Length (A)	39.25"
Body Length (B)	37.25"
Element O.D. Before FG/NET (C1)	7.60 – 7.65
Element O.D. After FG/NET (C2)	PVC Housing
Perm Tube O.D. (D)	1.66"
Sealing Surface (E)	1.285"
Left External Length (F)	0
Bored Depth (G)	3"
Right External Length (H)	0

The specifications for this product are the dimensions and element properties identified on this Product Data Sheet. The operating parameters on this Product Data Sheet are based upon information believed by PPG to be currently accurate; however, PPG makes no representations or warranties regarding the accuracy of the operating parameters or any other information on this Product Data Sheet. PPG also makes no representations or warranties regarding the performance or results of this product, or regarding freedom from patent infringement in the use of any formulae or process on this Product Data Sheet. Improvements in filtration technology may cause operating parameters to vary from what is on this Product Data Sheet.
