PPG Surface Seal[®] Hydrophobic Coating Aerospace Transparencies

PPG SURFACE SEAL® hydrophobic coating

Surface Seal hydrophobic coating gives the pilot windshield (upper image left) enhanced visibility during wet conditions compared with the untreated co-pilot windshield (upper image right) as demonstrated by this simulation

Surface Seal hydrophobic coating is an industry-leading rain/water shedding coating system designed for glass and anti-static coated glass windshields.

***Surface Seal* hydrophobic coating is:**

- UV Resistant
- Compatible with most aerospace cleaning and maintenance fluids
- PFOA-free product (REACH & EPA compliant)

PPG gives operators with three ways to obtain a cost-effective and efficient visibility enhancement in wet conditions :

- Factory-supplied parts with *Surface Seal* coating for convenience and optimal service life
- Standard *Surface Seal* coating application kits for field application and long service life
- Quick *Surface Seal* coating application kit for fast and easy treatment

	Part Number
Standard application kit - Commercial aircraft window size - General aviation window size	DSS 4020 DSS4040G
Quick application kit	DSS 4200
