How to draw

# THE GRUFFALO'S CHILD

Trace over the grey lines to learn how to draw the Gruffalo's Child!

1. Start by drawing two horns, two fluffy ears and two eyes. Add a tuft of hair between the horns.

2. Draw the face by making a large C shape. Then draw the nose and add the mouth and teeth.

3. Give the Gruffalo's Child a round tummy. Then draw a line for the back of her head.

4. Draw the arms. The arm on the left is like a long rectangle. The arm on the right is bent, like the letter V on its side.

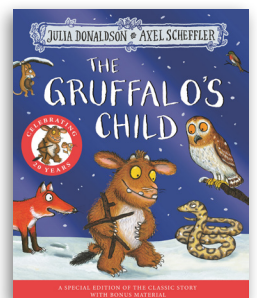

5. Then draw the feet. They look a bit like socks! Draw them at an angle so it looks like the Gruffalo's Child is walking.

6. Give the Gruffalo's Child a stick figure for her to play with, and a curly tail - then add a feathery end.

7. Add the details! Draw claws on her fingers and toes, add whiskers and lots of lines to make her look furry. Leave the tummy blank.
