## Kika & Me: How one extraordinary guide dog changed my world

Dr Amit Patel

The moving true story of Dr Amit Patel, who lost his sight in just thirty-six hours and Kika, the guide dog who changed his life

- Amit and Kika record their travels around London and beyond, posting them on Kika's Twitter account. One of their videos went viral in 2018 after a commuter rudely asked them to move on a tube escalator
- Amit is a disability rights campaigner and motivational speaker and has worked with TFL, the RNIB, Mercer, Toyota and BMW
- Perfect for fans of *Fabulous Finn*, *Finding Gobi* and *A Dog Called Hope*

## Wayfinding

Michael Bond

An entertaining, meticulously researched, eye-opening look at how our ability to navigate has evolved, the neuroscience behind it, and why it still matters now in the era of GPS

- A fascinating investigation of our ability to navigate: from the earliest humans, to cutting-edge spatial neuroscience, and the increasing loss, in today's world, of our ability to find our way
- For readers of writers as different as Robert Macfarlane and Oliver Sacks, *Wayfinding* is a book that can change our sense of ourselves
- Michael Bond's fascinating, incisive account of how the human brain evolved to keep us orientated throws up intriguing questions about how we live today . . . Beautifully written and researched, I hugely enjoyed this book.' Isabella Tree, author of *Wilding*
