

London Hockey Futures – Community Outreach Programme 2023/24

Monitoring & Evaluation Form

Reporting Timescales

Please note that in order to effectively monitor the London Hockey Futures Community Outreach programme 2023/24 to demonstrate impact, successful applications will be required to submit this monitoring form to London Hockey on **two** separate occasions across the duration of any such funded project. These occasions are as follows:

- When the project/programme is 50% completed (i.e. half of the sessions have been delivered)
- When the project/programme is 100% completed (i.e. all of the sessions have been delivered)

As per the terms outlined in the Service Level Agreement (SLA), failure to report on either of the identified occasions outlined above may result in the delay of the final 50% of the funding grant. In order to report, please email a copy of this form to vicechair@london.hockey. If reporting difficulties occur, please flag this immediately with the Vice Chair for London Hockey.
