

VERDE WEST HOCKEY LEAGUE

This document provides the proposal for a different structure for 2026/27 within the League. Clubs are asked to review this information and vote on whether to transition to this proposal or to remain with the current structure, with review and revision each season based on promotions / relegations.

A single response is requested from each Club, the person who submitted your League plans for 2025/26 has the form link.

The proposed structure for 2026/27 is based on the following design principles arising from the Clubs responses to the Survey in 2024/25

- Enable competitive hockey
- Minimise travel where possible
- Gain parity across teams for the number of matches played
- Align the number of matches per team close to that requested within the survey

Summary against current structure

- 8 Regions retained to help with travel
- Smaller leagues to give 20/21 matches per team per season
- Parity across genders and Divisions of the number of games per team per season
- 8 team Divisions at Grade 4/5, driven by number of teams competing. This will result in teams playing each other 3 times
- Additional Divisions at Grade 5, enabling more closely aligned teams competitively
- There may be a smaller number of Development teams overall as numbers are managed to help achieve a good number of competitive games in 8 team Divisions

In developing the proposal the teams competing in 2025/26 have been used along with the assumption that one men's side and one women's side would be relegated from EHL. Changes to the number of teams competing each season will require further refinement to the structure. Current Development sides are highlighted for clarity, but this number will be managed in the new structure.

The following pages contain the following;

- Proposed structure 2026/27 – Women / Men
- Transition 2025/26 to 2026/27 – Women / Men

The transition pages show the boundaries for each of the new 2026/27 Divisions overlaid onto the 2025/26 structure. The different colours defining which Division a team will move to in 2026/27, based on their final league position in 2025/26.

Proposed structure 2026 27 - Women
