5044	Revision including replacement, when performed, or re-positioning of spinal neurostimulator electrode percutaneous array(s) or plate/ paddle(s); includes fluoroscopy (I.P.)		Yes	Independent Procedure, Day Care	Benefit for the insertion of spinal cord stimulators will be subject to the following criteria being satisfied: (a) Whether or not low or high frequency spinal cord stimulator is used must be specified on the claim form (b) Prior approval is sought by a consultant recognised by Irish Life Health and who also has a Diploma in Pain Medicine (c) The procedure is performed in a hospital that is listed in the Irish Life Health Directory of Hospitals (d) Benefit will be provided for the trial stage and subsequent implantation for members who satisfy the following criteria: (i) An observable pathology concordant with the pain complaint (ii) Further corrective surgical interventions are unlikely to relieve the patient's pain (iii) Non interventional or other conservative therapies have failed (iv) Oral medications are not effective or cause intolerable side effects (v) No untreated chemical dependency exists (vi) Psychological clearance has been obtained through a consultant psychiatrist or clinical psychologist registered with the Psychological Society of Ireland (vii) No contra indications to surgery are present (sepsis, coagulopathy) (viii) Trial screening with the proposed therapy is successful (e) Benefit will be provided for implantation following a successful trial if the procedure is performed for one of the following clinical reasons: (i) Failed back surgery (ii) Complications, including leg pain, from unsuccessful multiple lumbar surgery to repair lower back problems (iii) Reflex sympathetic dystrophy (iv) Arachnoiditis (v) Radiculopathies (vi) Chronic refractory angina (vii) Painful neuropathies (viii) Spinal cord injury (f) Benefit for a day case hospital stay will be provided for the trial stage. (g) Benefit for a three day stay for the implantation stage will be provided. (h) Benefit will be provided for five days for members who proceed immediately following the trial to implantation during a single hospital admission. Note: the relevant documentation to support the precertification application must be submitted to Irish Life Health in advance of treatment. Maximum once every 7 years, stimulator or modulator or battery replacement performed within that period will not be payable. Only for Irish Life Health approved brands of stimulators.	€ 583	€ 265	€ 345	€ 166
