3818	Arthroscopy of knee, surgical; with lateral release	No	Day Care	Immediate surgery is only reimbursed for patients with significant meniscal pathology, with symptoms or examination findings of acute locking or entrapment. In all cases confirmation is to be provided and submitted with the claim form to support payment. Diagnostic arthroscopy is only reimbursed in symptomatic patients with persistent diagnostic uncertainty following clinical examination and MRI if appropriate. For patients suffering with osteoarthritis, lavage is not payable and arthroscopy and debridement is only payable for those with definite significant mechanical symptoms (e.g. locking) and who are still symptomatic following optimal conservative treatment. In the majority of cases, this encompasses the HIQA recommendations of a course of physiotherapy. Alternatively surgical rationale must be stated on the claim form.	€ 433.70	€ 235.00	€ 257.29	€ 146.00
3819	Arthroscopy, knee, diagnostic, with or without synovial biopsy (I.P.)	No	Independent Procedure, Diagnostic, Day Care	Immediate surgery is only reimbursed for patients with significant meniscal pathology, with symptoms or examination findings of acute locking or entrapment. In all cases confirmation is to be provided and submitted with the claim form to support payment. Diagnostic arthroscopy is only reimbursed in symptomatic patients with persistent diagnostic uncertainty following clinical examination and MRI if appropriate. For patients suffering with osteoarthritis, lavage is not payable and arthroscopy and debridement is only payable for those with definite significant mechanical symptoms (e.g. locking) and who are still symptomatic following optimal conservative treatment.
